Continental Company Looking Over Ground in This City

There is an embryonic movement on foot looking to the establishment of a large concern in this city by the Continental Tobacco Combine.

There is, however, many a slip 'twixt the cup and the lip, but if the information furnished the Cincinnati papers yesterday by Maysville correspondents is reliable, then it is an established fact, but unfortunately the matter sent out and the real facts in the case are greatly at variance.

The facts as they exist today are that Mr. George Parker, a representative of the Combine, has been in the city several days.

He is here on a tour of inspection, and all things being favorable it is possible that an immense plant may be established here.

Yesterday Mr. Parker and Mr. I. M. Lane were surveying ground East of Union street, fronting on the railroad and extending back to Forest avenue.

Mr. Parker will report his findings to the Louisville office, where the matter will be decided whether or not Maysville is to have the much desired plant.

In case this city should be chosen it will be a big boom for Maysville, as it is said at least 250 hands will find employment the year round.

This point would become an entrepot for all the tobacco raised in Mason, Fleming, Bracken, Nicholas and Lewis counties, as well as the tobacco district of Brown and Adams counties, O.

What this city needs is manufactures—they are the bone and sinew of every community.

Such an institution would give an impetus to all branches of trade, the Banks, grocers, dry-goods merchants, and all classes of business would feel its reflex.

Let no obstacle be placed in the way of this enterprise; rather let every fellow put his shoulder to the wheels of progress and push it along to a successful issue.

REVERSED THE CASE

Auditor's Agent's Suit Against Adams
Express Company Considered

An important ruling of the Court of Appeals Tuesday was in the case of the Commonwealth against the Adams Express Company, on appeal from the Mason Circuit Court, the Appellate Court, through Judge Nunn, reversing that Court.

The action was one by ex-Auditor's Agent F. Stanley Watson to assess in Mason county the franchise of the appellee company at \$26,000 for this county from 1896 to 1902.

The County Court and the Circuit Court, on appeals, sustained a demurrer to the petition and decided, in effect, that the franchise of the appellee was not liable to be assessed for taxation by any Court, but could only be assessed and made liable for the payment of taxes by the action of the State Board of Valuation and Assessment.

The Court of Appeals in reversing that judgment says that while the Legislature provided a means of assessment by the State Board of Valuation and Assessment, it also provided, in sections 4241 and 4260, for the assessment of such corporations in the counties when the State Board failed to perform the duties imposed upon it by the laws in the matter of their assessment.

The whole Court considered the appeal in this case and united in the opinion delivered.

Several tax cases against the Chesapeake and Ohio Railway Company have been pending in the Mason and Lewis County Courts awaiting the outcome of the above decision.

The value of the property in these cases covered by this decision will amount to several millions of dollars.

Did you say Hams? Well, there are many brands of them, but if you want the very best, there's only one that really "fills the bill." That is the well-named "Daisy," and there's only one firm in this big country that puts it on the market—John Hoffmann's Sons of Cincinnati. The "Daisy Brand" is all that its name implies; the meat is sweet and delicious—fit for King, Prince or Potentate—or even an Editor. They are for sale by M. C. Russell Co., and Barbour's guarantee will back every one that goes out of that house.

Last Saturday's Business

was a repetition of the previous Saturday. Were it not for the kind patience many of our customers exercised we could not have waited on all. There is a strong tie of confidence between this store and its patrons, one that can only exist as the result of years of acquaintance. Season after season we endeavor to do better than in the years before. Our efforts are appreciated. This week we show an entire new line of Wool Crash Suits, Panama Hats, and Tan Shoes to go with them. The weather is coming right for Negligee Shirts. We want to show you the greatest line ever brought here. The Faultless and Manhattan are the brands. We just must say a few words about our Men's and Boys' Shoes. We are awfully proud of our Shoes, and our customers are correspondingly proud of wearing them. We knew our community wanted good shoes and provided well for them.

THE LEDGER ventures a think that worse things might happen the country than the election of Millionaire HEARST; the bubonic plague might break out in the big cities and the grasshoppers might eat up the wire fences in Kansas.

THE "Veterans of the Civil War" will soon be great fellows once more. There is an election to be pulled off this fall. After that, the Old Soldiers will become common-place people again—unworthy any office that some spring-chicken politician wants.

MAYOR GRAINGER of Louisville and Governor BECKHAM of Bardstown were shut up in a closet together at Frankfort a few days ago, with General PERCY HALEY thumbing the key-hole; and now it's a safe bet that there'll be something doin' in Kentucky before the next snowstorm.

It's the old, old story—some more!

Just now the party leaders at Washington want help, and they are very prompt in calling the Republican newspapers to their aid. Of course, the Editor is supposed to live on hot air while he is printing pages and pages of stuff telling the benighted voter that if Teddy isn't elected the whole country will go to the dem-nition bow-wows. But after Teddy is elected, the Editor is the chap who gets it in the neck, while some fellow who has had hard work to influence his own vote gets pumpkin pie.

THE Illinois Republicans at Springfield and the Democrats of everywhere appear to be engaged in a sort of Russo-Japanese War.

THE Democratic Congressional Campaign Managers are confident the next House will be Democratic. It always takes your Democratic Campaign Manager to boost the "confident" racket—before the election.

It's downright ungrateful that Governor BECKHAM should now oppose JIM KEHOE, after all the good work Mr. KEHOE did to put the Governor in the place inherited from Senator GOEBEL. But of such is the Kingdom of Politics. Suffer the Heelers to Come Unto Me, and I'll Swat 'em.

WOULDN'T it be just too awfully awful if Br'er MARSH of The Bulletin shouldn't succeed in elevating Judge PARKER to the Presidency; and then to think of THE LEDGER's vain efforts to land Teddy in the White House for four years to come! Could anything be more disastrous—save a conglomerated concatenation of cataclysms!

About 11,000 men will be laid off by the Pennsylvania Railroad Company, the aim being to get down to the 1902 basis. Continued shrinkage in business and no expectation of early improvement are the reasons for this big reduction in the force. "DO IT TODAY."

The time-worn injunction, "Never put off 'till tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY, and let that remedy be Dr. Bo-schee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure, as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. For sale at Henry W. Ray's Postoffice Drugstore.

River News

Gage 19.3 and falling.

The Queen City will pass down tomorrow night.

The Bonanza was the Pomeroy packet last night.

The Keystone State will be up tonight for Pittsburgh.

Most of the boats of the coal fleet, after delivering their tows at Cincinnati, turned back all of them light, with but one flat in front of them.

People are beginning to take rides on the river on the packets. Special low round trip rates are made to parties and many take advantage of the low rates and enjoy the trips.

Notwithstanding the fact there are so many railroads along the Upper Ohio river, the Cincinnati and Pittsburgh packets are carrying as many people now as they did before a railroad was ever built.

The health of Captain J. F. Ellison, Superintendent of the Pittsburgh and Cincinnati Packet Company, was much benefited by his visit to a health resort in Indiana, where he went for the treatment of rheumatism.

Heavy rains up the valleys of both the Ohio's tributaries, especially that of the Allegheny, are expected to bring another fine boating stage. In anticipation of this several towboats are being hurried up the river light, in order that they might take out more tows, most of the towboats having left.

Before the days of railroads the Cincinnati and Pittsburgh Packet Line was composed of the Buckeye State, Keystone State, Allegheny, Pittsburgh, Clipper, New England, Brilliant and Crystal Palace. All were fine, fast boats and depended largely on the passenger business, as in those days travel was principally by the waterways of the West and South. The Buckeye State and Brilliant were the two fastest boats in the bunch.

The Monongahela River Consolidated Coal and Coke Company's big boat, the Sprague, has delivered her tow of 56 pieces in the New Orleans harbor. The tow was by far the biggest ever taken down the Ohio or the Mississippi river by one boat. It covered an area of six acres and consisted of 1,500,000 bushels of coal. The trip was made from Louisville to New Orleans, a distance of 1,400 miles, in about twelve days. Sixteen days were occupied, but of this over three days' delay must be taken into account.

A GREAT RECORD

Hard To Duplicate It In Maysville.

Scores of representative citizens of Maysville are testifying on the following subject. Such a record of local indorsement is unequalled in modern times. This public statement made by a citizen is but one of the many that have preceded it and the hundreds that will follow. Read it.

Mrs. W. F. Woodward, residing at West End near Pogue's distillery says:

"Pains in the back and other evidences of a disturbed condition of the kidneys were quickly and thoroughly cured by the use of Doan's Kidney Pills which I got at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets. There is no reason why ladies should suffer from backache and kindred troubles when such a reliable and effective preparation can be had."

We are pleased to note that Mrs. Anna Stubblefield was so much improved from her illness as to be a guest of Mrs. Eli Frame Sunday.
Miss Alice Day, who has been so very ill with spinal trouble the past few months, left today on the evening train to go to Cincinnati to enter a hospital for treatment. Her mother, Mrs. Anna Day, accompanied her.

Mr. Thomas Y. Nesbitt, although much improved, is still confined to his home by illness.

BACKWARD SEASON

Prospects Not Very Bright For Flowers Decoration Day

Not during the forty years that Decoration Day has been observed have flowers been as scarce in Maysville and vicinity as now.
With Decoration Day set for next Monday, the flowers have not appeared to any extent in the city or country.
The cause of it is the backward spring.
May 30th was originally set for Decoration Day mainly because that date is usually in the midst of the flower season.
Little trouble has ever been experienced before in this regard.
The G. A. R. Committees have always had a profusion of flowers to scatter over the mounds, beneath which rest in eternal sleep our noble dead.
Should the present warm weather continue the situation may be improved.
It is to be hoped that all who can spare a few will send them to Grand Army Hall not later than 8 o'clock Monday morning.
